Winter 2017

## NEW RULES for 2017

- Teams that have finished the test scenario in the top 6 Pro/Am finals will be called in for as a Crown Championship replacement due to a team already qualified or unable to attend the SRS Crown Championship
- All SRS Crown Champions (1st Place/SRSC) will have a lifetime entry into the SRS Crown Championship, for the life of the Canine Athlete.
- All SRS Events are required to give ribbons to the Top 6 (Pro/Am) winners.
- SRS will not setup a Honor Dog scenario during 1st or 2nd series (see SRS rules)
- A field trial or a hunt test scenario must be run in the first series. The scenario not used will be scenario used for the second series, all giving that the area presented to the judges is applicable and approved by a committee member.

2016 SRSC "Dude"

## MISS-LOU SRS CLUB EVENT

### First of its Kind

As duck season wraps up, the duck camps and lodges around the country finish cleaning up the mud room, most everyone immediately will start thinking about the spring calendar and all the hunt tests and trials that are right around the corner. It's training time! The MISS- LOU SRS Club Event will be the first SRS Club event of the season and a first of its kind. Leo Joseph III made the call about having this event and asked if it could be split up with Pros running first, mid week and Amateurs running during the weekend. Reason being... to have an Amateur seminar on Friday with help throughout the weekend. This will give Amateurs and hopefully some new Amateurs a clear look at SRS and how it works. SRS loved this idea and it was put into immediate action.

Stephen Durrance of Taylor Farm Kennels and Bobby Wills of Lone Oak Retrievers East came to Leo in the beginnings of this idea and volunteered their time to hold the teaching seminar and judge the amateur portion of this event. The opportunity for the amateur handler with this event is worth more than admission itself. The Miss- Lou SRS Club event will take place March 1-3 for Pro Team and March 3-5th for Amateur teams. For more info on the MISS-LOU SRS Club event:

## SRS TEAM OF YEAR Reinstated for 2017

### SRS TOY Program Rules

The SRS Team of the Year race is open to all retriever/handler teams that opt to compete in all PRO/AM Super Retriever Series events.

There will be a SRS TOY Amateur and a SRS TOY Pro

A team will be defined as a handler and a specific retriever. Handlers may enter with more than one retriever, but each additional retriever a handler enters will designate a separate team entry.

The first place team (Pro and AM) that competes in all events will receive a prize (to be determined) and an additional bonus if TOY is picked up by a Sponsor and the sponsor has requirements such as wearing a Sponsored Series patch or hat during competition days of all events.

The second place team (Pro and AM) that competes in all three events will receive a prize (to be determined) and an additional bonus based on Sponsor rules.

The third place team (Pro and AM) that competes in all three events will receive a prize (to be determined) and an additional bonus based on Sponsor rules

The placements are 1st -3rd Pro and Amateur in 2017.

Team of the Year awards and bonuses will be paid out during the final event of the season.

### ASD Quick-Set Kennel

Avery Sporting Dog has been an innovator of training and hunting products for your canine companion. We are proud to introduce our latest idea, a collapsible fabric kennel. This unique carrier has a lightweight aluminum frame that folds for easy storage and transport. Perfect for use in SUV's, trucks, cars, at home and on the road. Three sizes to choose from ranging from small to large.

#### Key Features

- Small size is designed for puppies and toy breeds. Dimensions-15.5" H x 16" W x 18" L
- Medium works well with a variety of breeds. Dimensions-19.5" H x 18" W x 24" L
- Large is for the big dogs. Dimensions-23.5" H x 20.5" W x 27" L
- Colored models exterior cover constructed of 900 Duramax rip-stop material
- Camo kennels exterior cover constructed from 900 Duramax polyester
- All aluminum frame is light and durable
- PVC dipped poly mesh storage pockets hold toys and training supplies
- PVC dipped poly mesh windows for ventilation
- Convenient handle for easy carry

## THE MISSION OF THE SUPER RETRIEVER SERIES

The mission of the Super Retriever Series is to provide a retriever game that will take a retriever and handler to an advanced level and help develop the best all around team by providing hunt test, field trial and hunt saavy situations in a competitive format. The Super Retriever Series is an organization which exclusively uses Avery EZ Birds, a simulated bird. This exclusivity allows all dogs and handlers a chance for consistency and equality during testing and hunting scenarios. The Super Retriever Series looks to advance the sport of Retrievers in all capacities and through all organizations.
